31-Mar-11 Note : Part Codes shown *in italics* are in progress

* Defines max equipment depth that can be fitted in the chassis, provided:

1. The chassis is forward mounted by 25 mm
2. The rack has a deep (125 mm) rear lid
3. The equipment is not mounted in the lowest U-Space (drawings available on request)

Wheel Options for Amazon Racks

Part numbers ending 0707 have two shallow lids (70 mm), front and rear. For optional wheels, select part numbers ending 0712, which have one shallow lid front (70 mm) and one deep lid rear (125 mm) to accommodate wheel recess.

When wheels are required, 2x edge wheels are factory-fitted to the rear (125 mm) lid, and 2x handles are fitted to the front (70 mm) lid to facilitate easy lift and roll.
